Dear Parents,

I will be facilitating Student Led Conferences during week 9 this term. This will be an opportunity for discussion and celebration of your child's successes so far this year and also to set goals for future learning.

In accordance with IB philosophy we believe the child ought to be at the centre of the discussion about their learning and should be an active participant in developing learning and behavioural goals. During discussions students will share work and reflect on their school experience so far this year. Teachers will provide feedback and parents will have the opportunity to ask questions of their child and the teacher regarding the learning taking place.

Please indicate a time that would be convenient for you, (your first, second and third preference) and I will notify you of your appointment time shortly. Appointments are of 15 minutes duration. I will be allocating appointments on a first come, first served basis.

Kind Regards,
Juli Bryan
